Winners announced!

In recognition of Dyslexia and ADHD Awareness month, and ARTOBER, students in **grades K-12** are invited to create a piece of art inspired by this year's theme.

THEME: READING GIVES ME WINGS

When you are reading, does your imagination soar? Are you transported to a magical place? Do you get inspired by the characters in the story? Show us how reading gives you wings!

Approximately 1-in-5 students are impacted by a learning difference. Many students who struggle to learn build self-confidence through success in the arts. Whether you are among the 1-in-5 or want to show your support for fellow students, *let your creativity speak out!*

Artwork should not exceed 9"x12"

4 grade-level categories: K-2, 3-5, 6-8, 9-12
